

Mobile Alert app

The CodeRED Mobile Alert app provides advanced, real-time, location-specific alerts to notify subscribers of critical communications as they travel across the United States and Canada.

HOW IT WORKS

Resident or visitor downloads the FREE CodeRED Mobile Alert app

Public safety official initiates notification to the app using CodeRED

Resident or visitor receives notification directly on their smartphone

BENEFITS

NO ADDITIONAL OPT-IN REQUIRED

Protect residents and visitors traveling across CodeRED communities

CUSTOMIZED USER EXPERIENCE

Subscribers choose the types of alerts they wish to receive

DETAILED NOTIFICATIONS

Messages can include text and/or audio and feature a map with location of the warning area

UNLIMITED USES

Use the app to reach residents/visitors at shopping centers, fairs, festivals, concerts or other events that may bring visitors from other communities together

EASY TO USE

Send mobile alerts via the same single CodeRED interface used to deliver voice, text, email, IPAWS and social media messages
